

# Where Your Gifts Made a Difference

2021

When you take a global view of our world, natural disasters occur every week. When you add civil wars and a pandemic, slow-moving disasters continue to fester each day. We continue to live through the restrictions and changes to daily life that are necessitated by COVID-19, and we have recognized anew our vulnerabilities. We have also witnessed our own resilience, and that of others, in the face of unprecedented adversity.

Through it all, there is one constant in the fabric of our lives: the local church. It is the local church that is there before, during and after a disaster, large or small. It is the local church embedded in the community that is often best able to respond. And it is the local church through which many One Great Hour of Sharing grants are given.

To date, One Great Hour of Sharing has provided \$795,250 in emergency COVID-19 grants to churches and partners in the U.S. and Puerto Rico and around the world. These grants are a tangible reminder that love responds... and love remains.

In addition to COVID-19 emergency grants, the following grants were provided in response to other emergency situations.
